ENRICHING LIVES THROUGH LEADERSHIP IN FOOD SERVING SOLUTIONS

At LTI, we've been helping operators transform the way food is served for more than 70 years. Backed by our knowledgeable staff and family-driven leadership, we offer a broad range of customizable serving solutions. But it's not just our products that define us. We're here to work closely with every customer — listening, collaborating and growing together — because we're not satisfied until you are.

INNOVATIONS THAT GROW AND EVOLVE WITH YOUR CHANGING NEEDS.

LTI's solutions are designed to enhance the appearance of your food and beverage offerings — all while merchandising them more effectively.

Inside our state-of-the-art manufacturing plant, our team works every day to develop equipment — and the technology that drives it — to make your job easier. So whether it's the cutting-edge functionality of our products or the sleek, engaging designs that keep customers coming back for more, LTI has your operation covered.

WE'RE PUTTING THE LATEST TECHNOLOGY TO WORK FOR YOU.

Discover our complete lineup of serving technology, including unique configurations, accessories and add-ons that truly transform your space. Not only do we build beautiful serving counters, but we manufacture everything that goes in it and on it.

Transition between hot, cold and frozen wells in 60 minutes or less with QuickSwitch

Comprehensive millwork capabilities incorporating all finishes and materials

Create an upscale look with 2-Tier QuickSwitch Ceran Glass Display Shelves

Display menu items prominently with state-of-the-art heated black glass merchandisers

Achieve maximum visibility while maintaining precise temperatures with TempestAir technology

Give customers the best view with ClearView food shields available for both attendant-and self-service

QuickSwitch

HOT, COLD, FREEZE
AT YOUR FINGERTIPS

QUICKSWITCH patented serving technology is the first of its kind — providing the ultimate in menu flexibility and merchandising options.

With **QUICKSWITCH**, each countertop serving well is independently controlled to be hot, cold or frozen. So whether it's pasta, soup, made-to-order salad or anything your latest menu calls for, LTI makes all your offerings easily visible and accessible.

- Wells switch between hot, cold and frozen in 60 minutes or less
- Designed to remain flush with the countertop unlike recessed wells
- Easy to transition between different meals and dayparts
- Ideal for any serving area
- Exceeds NSF-7 standards
- Two-year parts and labor warranty

QuickSwitch
CERAN GLASS DISPLAY

HOT/COLD
DISPLAY SHELF

This NSF-approved heated **CERAN GLASS** creates an upscale look by allowing food to be displayed directly on the surface without the use of serving pans. The **QUICKSWITCH** technology allows operators to convert from a heated shelf to frost top with the flip of a switch. Available in a 28″ and 42″ as a single shelf or two-tier display (as shown above).

- Ceramic glass converts from heated to frosted surface in one hour for changing menus
- Upper and lower shelves independently controlled
- First-of-its-kind speckled glass masks scratches
- New heat blanket technology ensures even heat across entire surface
- Displays can be used for packaged and unwrapped items

ThermalWell

SUPERIOR PERFORMANCE WITH 50% LESS ENERGY

Our energy-efficient **THERMALWELL** technology utilizes a silicone heat blanket that can be used with or **without water** inside the well. As operators continue to look for new ways to conserve water while also moving away from the hassles of water-based wells and expensive induction equipment, **THERMALWELL** technology provides reliable performance with just half the energy of traditional hot wells.

- 580-watt (208V) heat source, maintaining temperature equal to traditional calrod systems
- Six-well units offer twice the capacity versus the competition
- Wells operate wet or **dry** with individual settings
- Digital controller accurately dials in desired temperatures
- Wells are available without drains
- Two-year parts and labor warranty

TempestAir

TEMPERATURE CONTROL WITH COUNTERTOP-FLUSH DISPLAY

With LTI's patented **TEMPESTAIR** technology, operators can offer customers better visibility with countertop-level displays while ensuring the product does not dry out. Our standard units feature up to six pans, with custom sizes and configurations available to fit your specific needs. Optional sloped cold pans allow for even greater accessibility while still maintaining precise temperature control.

- Patented airflow below the cold pan prevents product from drying out
- Eliminates the need for recessed pans
- Optional sloped cold pans are ideal for greater access and enhanced merchandising
- Digital thermostat for precise temperature control
- Standard capacity accommodates up to six pans
- Exceeds NSF-7 standards
- Five-year compressor warranty included

DISCOVER OUR COMPLETE OFFERING OF

FRONT SERVE LINES & SERVING COUNTERS.

We've made it easy for you to choose the serving counter solution that's perfect for your operation. From standard modular offerings to more personalized options with flexible materials and configurations, LTI is your single source from initial concept to installation.

SpecLine

Choose **SPECLINE** when you need **a modular, counter** solution that's factory-built and precisely assembled. **SPECLINE** is available in 10 standard sizes with other size options. Whether you desire a molded fiberglass cabinet body or counters with laminate or stainless steel exterior, **SPECLINE** has you covered. You get heavy-duty construction, quick installation and the superior quality and value you expect from LTI.

- 14-gauge standard countertops with reinforced, fully welded interior framework for a longer life
- Counters delivered fully assembled and tested at the factory for fast on-site installation
- Hundreds of decorative laminates, fiberglass colors and vinyl graphic options
- Integrate heating and cooling systems and accessories such as ClearView food shields
- Fiberglass units come with a 5-year warranty against cracking or splitting

FlexLine

Choose **FLEXLINE** when you need **a modular solution with a more high-end, seamless appeal**. Time-tested Corian® countertops further enhance the appearance and are less costly when compared to stone or Quartz. With a wide variety of decorative architectural and graphic front panels available, it's easy to choose the perfect look for your operation.

- Comes standard with Corian® countertops
- Counters are built around a heavy duty, welded steel frame
- Front and end panels removable for ease of service and installation
- Optional one-piece lineup with toe kicks and Corian waterfall edges
- Optional mounting methods for LTI's serving technologies with stone and solid surface tops
- Available with load centers or daisy chain connections
- Standard ClearView foodshields

SelectLine

Choose **SELECTLINE** if going modular does not meet your needs and you want to create a look-and-feel that truly reflects your brand and resonates with customers. Make a bold impression with a "built-in" look that **feels fully custom but designed for ease of installation.** **SELECTLINE** has no size constraints, so simply choose the length that's right for your facility — whether it's 10 feet or 100 feet.

- All types of materials and finishes available: solid surface, stone, stainless, Corian®, wood, laminate, acrylic and more
- LTI serving technologies are built into the counter, eliminating flanges, creating a smooth and level surface
- One point of electrical connection for easy installation
- Easy-to-switch front panels featuring decorative architectural and graphic designs
- Available with a wide variety of tempered glass food protectors

VisionDesign

TRANSFORM YOUR SPACE WITH VISION.

LTI is proud to offer **an interior design service** to help transform dining areas into something truly memorable and unique. With **VISIONDESIGN**, our team utilizes photography, illustration, paint and dimensional art to create a more dynamic and engaging atmosphere.

VISIONDESIGN packages offer a full array of options to choose from, including wall treatments, food court structures, booth seating, signage and decorative counter fronts — all proven to increase customer engagement. **VISIONDESIGN** provides consultation, design creations and turnkey installations for architects, consultants and operators across the country. No matter the application, we have the solution that's right for you. Whether recreating your entire space or developing a custom seating layout, **VISIONDESIGN** is your turnkey design solution — available with **SPECLINE**, **FLEXLINE** and **SELECTLINE** serving counters, or separately.

STAINLESS STEEL FABRICATION

LTI is known for its premium quality fabrication capabilities. From custom chef's counters to utility distribution systems to specialty heated and refrigerated devices to a custom piece built just for your application, LTI is your number one source.

We have the experience that counts - stainless steel galley equipment for the U. S. Navy for over 40 years, major healthcare, corporate, correctional foodservice kitchens to refrigerated counters for major restaurant chains. Our engineering team is able to assist the operator with specialty fabrication items as well. Whether you need a one-off design or a run of thousands of units, LTI is your source for specialty fabrication.

SALAD BARS & HOT FOOD BARS

LTI specializes in modular and custom self-serve counters for use in corporate dining, higher education, healthcare dining, stadiums, QSRs, supermarkets and even C-Stores. No matter the application, we have the solution that's right for you.

CARTS & KIOSKS

Increase your sales with LTI's mobile carts and versatile kiosks. These flexible designs are ideal for courtyards, foyers, hallways and cafeterias. It's the perfect way to offer customers the latest snack and beverage trends wherever they are.

CUSTOM COUNTERS

LTI manufactures custom counters to the most stringent specifications and included in those counters are the industry's most innovative serving technologies. LTI not only builds and supplies everything your new servery needs, we are able to execute the installation expertly on time and on budget. Many consultants and operators have relied on us to handle their serving needs, including a few recent university installations:

- **University of Alabama**
- **University of Buffalo**
- **University of Georgia**
- **University of Maine**
