**Base and Frame**

Base to be fabricated from a minimum of 14 gauge stainless steel with all sides turned square with all corners fully welded, ground and polished. Underside reinforced with heavy gauge channels. Base to have non-marking corner bumpers. Frame shall be constructed of 1" O.D. 16 gauge stainless steel tubing bolted to the base.

We reserve the right to change specifications and product design without notice. Such revisions do not entitle the buyer to corresponding changes, improvements, additions or replacement for previously purchased equipment.

All equipment to be built in accordance with the Underwriters Laboratories, Inc. and the National Sanitation Foundation, Inc. standards and shall bear the Underwriters Laboratories, Inc. listing label for safety and the Underwriters Laboratories classification label for sanitation.

**Dispenser Mechanism**

Easily removable self-leveling mechanisms shall be field adjustable without the use of tools and shall be supplied with a stainless steel tray platform.

**Casters**

4" diameter, ball bearing, swivel type casters to be non-marking and with brakes on all wheels.
